OBJECTIVES

The congress will bring together leaders in the field to deliver engaging keynote lectures and invited speakers to lead meet-the-expert and symposia sessions. Knowledge, expertise and the latest research will be shared designed to inform, innovate and stimulate discussion and collaboration, across clinical, scientific and allied health professionals.

- Foster Collaboration and Innovation – To bring together healthcare professionals, researchers, and experts in paediatric and adolescent gynaecology to share knowledge, foster interdisciplinary collaboration, and drive innovation in the field.
- Enhance Clinical Practice and Research – To provide a platform for discussing groundbreaking research, best practices, and emerging trends that improve the diagnosis, treatment, and overall care of paediatric and adolescent patients in the Asia-Oceanic region.
- Strengthen Regional and Global Networks – To build a supportive network of professionals dedicated to advancing paediatric and adolescent gynaecology, encouraging cross-border cooperation, and promoting sustainable improvements in healthcare delivery.
